TEAMS MAKE PLANS  
FOR SEASON OF 1917

5 Clubs of Central Missouri  
League Arrange Schedule  
and Elect Officers.

24 GAMES FOR EACH

Organizations to Play Exhibition  
Contests on Open  
Dates—Starts May 6.

The opening date for the Central Missouri Baseball League is May 6. The season will close September 30. Owners of the five clubs represented met in Centralia yesterday and effected the final organization for 1917.

Extreme precautions are being taken this year to avoid friction between the members of the organization. Forfeits of \$100 will be posted before May 1, and officers of the league were selected from persons not financially interested in the league. The only exception to this rule was made the case of George D. Taylor of the Columbia Browns, who was made vice-president.

The officers elected are: President, Fred Alexander, a traveling salesman of Moberly; George D. Taylor, of Columbia; E. F. Morse, of Centralia, former secretary of the Texas-Oklahoma league, and Roy Pearl, a traveling salesman of Mexico.

Secretary Morse is now working on the schedule. The season includes twenty-four games for each team. The schedule will be made for six teams and on open dates the team scheduled will play exhibition games. Games will be arranged for the Fourth of July, and for Labor Day. The secretary will report at the meeting in Centralia next Sunday.

Rules were adopted yesterday to maintain discipline among the players and the clubs. No "jumping" from one team to another will be tolerated. Infractions of the rules will be punished by fines ranging from \$1 to \$50 and passed on by a commission composed of the five owners of the clubs. Failure to pay fines will result in the player's loss of franchise. There will be no limit to the number of players a manager may carry with him. He may make substitutions in his list at any time.

The league pennant will be purchased with \$10 taken from each of the forfeits posted and will be played for in a 5-game post-season series by the two highest teams in the league standing. Players in the championship series will share equally in the profits, except that the managers will receive 10 per cent of the profits.

"I believe the league is organized on a firm basis this year and can furnish high-class exhibitions," Manager Taylor said today.

## 49TH ASSEMBLY ENDS

Leaves to Gardner Task of  
Cutting \$4,000,000 From  
State Appropriations.

By United Press  
JEFFERSON CITY, March 19.—The Forty-ninth Missouri Assembly ended at noon today, having turned over to Governor Gardner the task of cutting nearly \$4,000,000 from the appropriations of the state. This is to ward off the deficit which in two years would be greater than any heretofore if all the legislative appropriations were allowed.

As the legislators left the capitol, the governor was at his desk, ready to begin the extensive pruning. The house and senate approved \$19,500,000 in appropriations, with about \$15,800,000 in revenue in sight for the next two years. The last session of the assembly was a meeting in name only. All the house desks had been cleared yesterday of legislative documents.

The legislators leave at Jefferson City, for ten days, at least, a small army of clerks, doorkeepers and the like to clean up legislative affairs. Members of this rear guard are drawing \$3.50 a day each.
